

25 μm

A polarisation micrograph showing a textured surface. The image has a color gradient from dark purple/blue at the top left to bright yellow/green at the bottom right, indicating the degree of polarisation. A white scale bar is located in the top right corner, and a numerical scale for the degree of polarisation is provided at the bottom.

0.0 0.1 0.2 0.3 0.4 0.5 0.6 0.7

Degree of Polarisation

A horizontal color bar with a gradient from dark purple to bright yellow, corresponding to the scale of the degree of polarisation shown in the micrograph above.
